Dear Inspector,

Thank you for sending the post-stage 2 hearing letter. I would like to apologise for the oversight on my part responding.

The Council has noted the information in the letter and does not have any concerns about its contents. Our current intention is to complete the various consultation exercises during February and March with a view to the Stage 3 hearings being held w/c 10 May 2021.

Please do not hesitate to come back to me if you require any further information.

Kind regards

Richard Seaman
