

CC135 - LGS026 - Daisy Bank Allotments - Boundary Changes

Note:

Document CC135 has been added to the Calderdale Local Plan Examination Library at the request of the Inspector in order to provide additional evidence regarding the proposed designation of Local Green Space at Daisy Bank Allotments, Halifax (LGS026).

The plan shows the relationship between the existing Open Space Urban designation in the Replacement Calderdale Unitary Development Plan and the proposed Local Green Space designation in the emerging Local Plan. It also shows the proximity of the red line boundary for planning approval 91/01628/FUL for an amended design of dwelling to incorporate garage and larger bedrooms which overlaps a portion of the proposed Local Green Space designation. The overlapping portion of the Local Green Space does not contain any development and is considered to be of similar character to the remaining Local Green Space designation.
