

# **CALDERDALE LOCAL PLAN STAGE 4 HEARINGS**

Inspector – Ms Katie Child B.Sc. (Hons) MA MRTPI  
Programme Officer – Miny Schofield  
Tel. 07799 724690 Email: miny.schofield@calderdale.gov.uk

## **AGENDA (v.2)**

**Tuesday 11<sup>th</sup> January 2022**

**10am at The Shay Stadium, Shaw Hill, Halifax HX1 2YS**

### **AIR QUALITY TECHNICAL NOTE (CC157)**

Please note:

- **This is an updated agenda and no longer includes the afternoon session on the Council’s Habitats Regulations Assessment work (CC149) (following publication of a Statement of Common Ground between the Council and Natural England, CC149c).**
- The morning session will focus on the Council’s new Technical Note on Air Quality (CC157) and follows on from the hearing session on Air Quality held on 29<sup>th</sup> September 2021.
- Document CC157 and other background evidence can be viewed on the Council’s examination webpage at <https://www.calderdale.gov.uk/v2/residents/environment-planning-and-building/planning/planning-policy/local-plan/examination-library>
- If it is not possible to hold the session at The Shay, the session may be held virtually via Zoom. Participants and attendees who have notified the Programme Officer will be directly informed.
- The session will be available to watch live on the Council’s You Tube Channel, via a link on the examination website.

#### **Morning session 10am**

1. Inspector’s introduction
2. Data used in CC157
  - Difference between the 2019 figures in the graphs in CC157 and the listed maximum monitored concentrations for 2019?
  - Are adjustments necessary in all locations to account for locations of maximum human exposure?

- How do these adjustment factors relate to those applied in CC151 and CC132?
- How has the housing trajectory been applied in CC157? Is the distribution/location of growth taken into account as well as the total quantum and timing?
- Why were the four locations in CC157 selected versus others in the borough?

### 3. Findings and implications of the results in CC157

- What is the significance of the finding that due to the Local Plan there will be compliance in Clifton by 2022?
- Is there a need for development in the plan to be phased to ensure compliance in Clifton or other locations?
- Does the evidence indicate that amendments are needed to Policy EN2 or any site-specific policies, in order to provide an appropriate framework and mitigation measures relating to air quality?

### **Closing session**

#### 4. Closing session between the Council and the Inspector
