

Calderdale Metropolitan Borough Council

Response to Inspector's Note on Matter 4 (20th June 2019)

Inspector's Note

Calderdale Local Plan examination

Note from the Inspector on Matters 3 and 4

20th June 2019

Matter 4 – Housing supply

The Council's Hearing Statement on Matter 4 refers to various sources of evidence/data which do not appear to have been attached as an Appendix or published separately on the examination website. These sources are listed below. **The evidence/data sources should be placed in the Examination library as soon as possible, and participants for the Matter 4 session directly notified.**

In the interests of fairness it will be important to allow participants an adequate opportunity to digest and assess any new evidence/data prior to the Matter 4 hearing session on Friday 28th June. I will therefore review the position once the hearings have taken place, and if necessary I may seek written comments from the parties. It is my intention to hold an additional session on housing supply after site allocations have been discussed at the Stage 2 hearings, and this may provide an opportunity for further debate.

1. Completions/commitment data for 2018/19

The Council's Hearing Statement on Matter 4 f) refers to new housing completion and outstanding commitment data for the period 2018/19, which has been used to calculate the Council's updated five year land supply position. This is not appended and should be provided.

Council Response

- 1.1 Completions: Additional data for 2018/19 shows a figure of 554 dwellings net and 576 dwellings gross.
- 1.2 Commitments (planning permissions): These are appended as Table A1 and represent the latest annual position as at 31st March 2019. The source is the Council's Housing Land Availability Database. The highlighted sites are those not

included in the supply (key with table). Sites were removed for the reasons explained in the Council's response to Matter4 (f):

- Stalled sites as set out in Table 13 of the Housing Technical Paper - EV 33, with the exception of one site which has subsequently gained a new permission
- Sites with outline permission for major development, unless allocated in the Local Plan (it has not been possible to analyse the deliverability of these unallocated sites and therefore a cautious approach was adopted)
- Sites allocated in the Local Plan in order to avoid double counting

2. Evidence on 'deliverability' (NPPF 2019) relating to five year supply

The Council is requested to provide justification/evidence on the deliverability of specific sites identified in the updated five year housing supply work in Matter 4 f (particularly category b sites, as set out in the glossary definition in NPPF 2019).

Council Response

- 2.1 Given the time available for this exercise it was not possible to fully comply with the requirements of the NPPF 2019 definition of 'deliverable'. This requires substantial work, particularly given the guidance in the PPG on this matter. Such work would normally be undertaken during annual monitoring. In effect, it requires sites to be assessed on an individual basis and for discussions to take place with relevant parties. Previous experience has also demonstrated that such parties are not always interested/have the time to participate.
- 2.2 Paragraph 4(f)4 of the Council's response to Matter 4 provides information as to which categories of sites have been excluded. In particular it explains that in respect of category b sites all sites with outline permission for major development have been excluded as they could not be assessed on an individual basis and thus a cautious approach to supply was taken. Sites in the Local Plan with planning permission are assumed to be deliverable given the rigour the site assessment process followed in preparation of the Local Plan.
- 2.3 Those land allocations considered deliverable during the five year period and moved forward from later in the Plan period in order to provide greater choice and flexibility are appended as Table A2.

3. Updated position on sources of housing supply, overall supply figure and housing trajectory – linked to the new completions/commitment data for 2018/19

The Council is requested to confirm what implications the 2018/19 data has for the Council's overall housing supply figures and trajectory workings (e.g. Tables 6.2 and 6.3 and Picture 6.1 in the Plan) – and to provide updates as necessary.

Council Response

- 3.1 The Council intends to update all information relating to the housing trajectory at the same time (a partial update not only runs the risk of the data not being fully analysed but also not properly co-ordinated). This partial update is provided in response to the Inspector's questions and to assist the examination.
- 3.2 The five year supply was calculated in order to give an indication of the current five year supply on adoption of the submitted local plan and as set out above planning permissions were not necessarily assessed on a site by site basis. Given this fact the information required for such sites be re-positioned or added to the trajectory is not currently available and therefore it is neither possible nor appropriate to update/partially update the trajectory. The Council also acknowledges that the stage 2 hearings have yet to take place.
- 3.3 An updated version of Table 6.2 (Local Plan) is provided below and is subject to the qualifications set out above. Additionally, this data provides a total assessment of supply rather than its primary purpose being to determine the level of allocations required in the Plan as per the original table.

Table 1: Sources of Housing Land Supply

A	Housing Need (2018/19 - 2032/33)	12,600	15 years at 840 dwellings per year
B	Sources of Supply		
	Net Completions	554	2018/19
	Extant planning permissions	2,292	Housing Land Availability Database 31/3/19 - see notes above
	Windfalls	1294	162 units delivered in Years 4 & 5 and 97 units for remainder of plan period
	Sub-total	4140	
C	New land allocations	9444	LP Table 6.3 less completions
Total Supply		13,584	B + C

4. Analysis of lapse rate for small sites

The Council is requested to provide the two sets of data which sit behind the figures and conclusions reached in paragraph 4a5) in the Council's Hearing Statement.

Council Response

- 4.1 This information was simply provided for context given the difficulties of obtaining lapse rates from the Housing Land Availability Database as explained in the Council's

response to Matter 4a.ii. The data in the following tables excludes outline permissions and is based on small sites (fewer than 10 units/<0.5ha).

Table 2a: Lapsed units as proportion of all units with a lapse date during the quarter

Quarter	Lapsed Units All units lapsed during period and not built or superseded by another application	Total Units with lapse date during period	Lapse Rate
2010/11	237	1325	17.89%
2011/12	97	359	27.02%
2012/13	35	343	10.20%
2013/14	70	289	24.22%
2014/15	69	221	31.22%
2015/16	52	330	15.76%
2016/17	115	501	22.95%
2017/18	61	424	14.39%
2018/19	68	401	16.96%
Totals/Average	804	4193	19.17%

Table 2b: Lapsed units each quarter as proportion of units with planning permission remaining to be built each quarter

Quarter	Lapsed Units Units lapsed during quarter and not built or superseded by another application	Total Units with Planning Permission remaining to be built	Lapse rate
Q2 30 Jun 2017	31	1852	1.67%
Q3 30 Sep 2017	24	1830	1.31%
Q4 31 Dec 2017	13	1822	0.71%
Q1 31 Mar 2018	12	1920	0.63%
Q2 30 Jun 2018	11	1974	0.56%
Q3 30 Sep 2018	21	1952	1.08%
Q4 31 Dec 2018	10	2075	0.48%
Q1 31 Mar 2019	30	2079	1.44%
Totals/Average	152	15504	0.98%

5. Demolitions/changes of Use

The Council is also requested to provide information on historical rates of demolitions/change of use. Paragraph 8.4 in the Plan states that 'demolitions have generally been low' but no data is provided. Data on change of use (loss) should also be included. Sub-totals should be provided for large (10 or more) and small sites.

Council Response

5.1 The Council assumes the reference is to paragraph 6.4 of the Local Plan. The data is as follows and can also be found in the Authority Monitoring Report (SD 09).

Table 3a: Losses to the dwelling stock by year (Major)

Year	Conversions/Changes of Use of Dwellings to Other	Demolitions	Total
